### Ötztal Superskipass

356 slope kilometers, 90 mountain lifts and 6 ski areas - with one skipass you enjoy unlimited access to all ski mountains in the valley. The popular ski destinations of Sölden and Gurgl - approx. 14 km south of Sölden - are included as well.

### 007 ELEMENTS

An absolute world first - a cinematic installation above 3,000 meters altitude, where everything revolves around the world of James Bond. Although this installation mainly focuses on SPECTRE and those action scenes shot in Sölden, it also includes other adventurous chapters of the 24 James Bond movies. 007 ELEMENTS takes visitors on a journey through a series of interactive high-tech galleries that focus on the signature features and all the classic elements of a James Bond film.

### Skiing with ski world champion

Andre Arnold, a former ski racer from Sölden, was the overall winner of the American professional racing series four times in a row from 1978 to 1981, and at the same time professional ski world champion. He is one of the most experienced ski guides who will show you all the breathtaking spots of the Sölden ski area. Of course, he has some useful skiing technique tips ready for you.

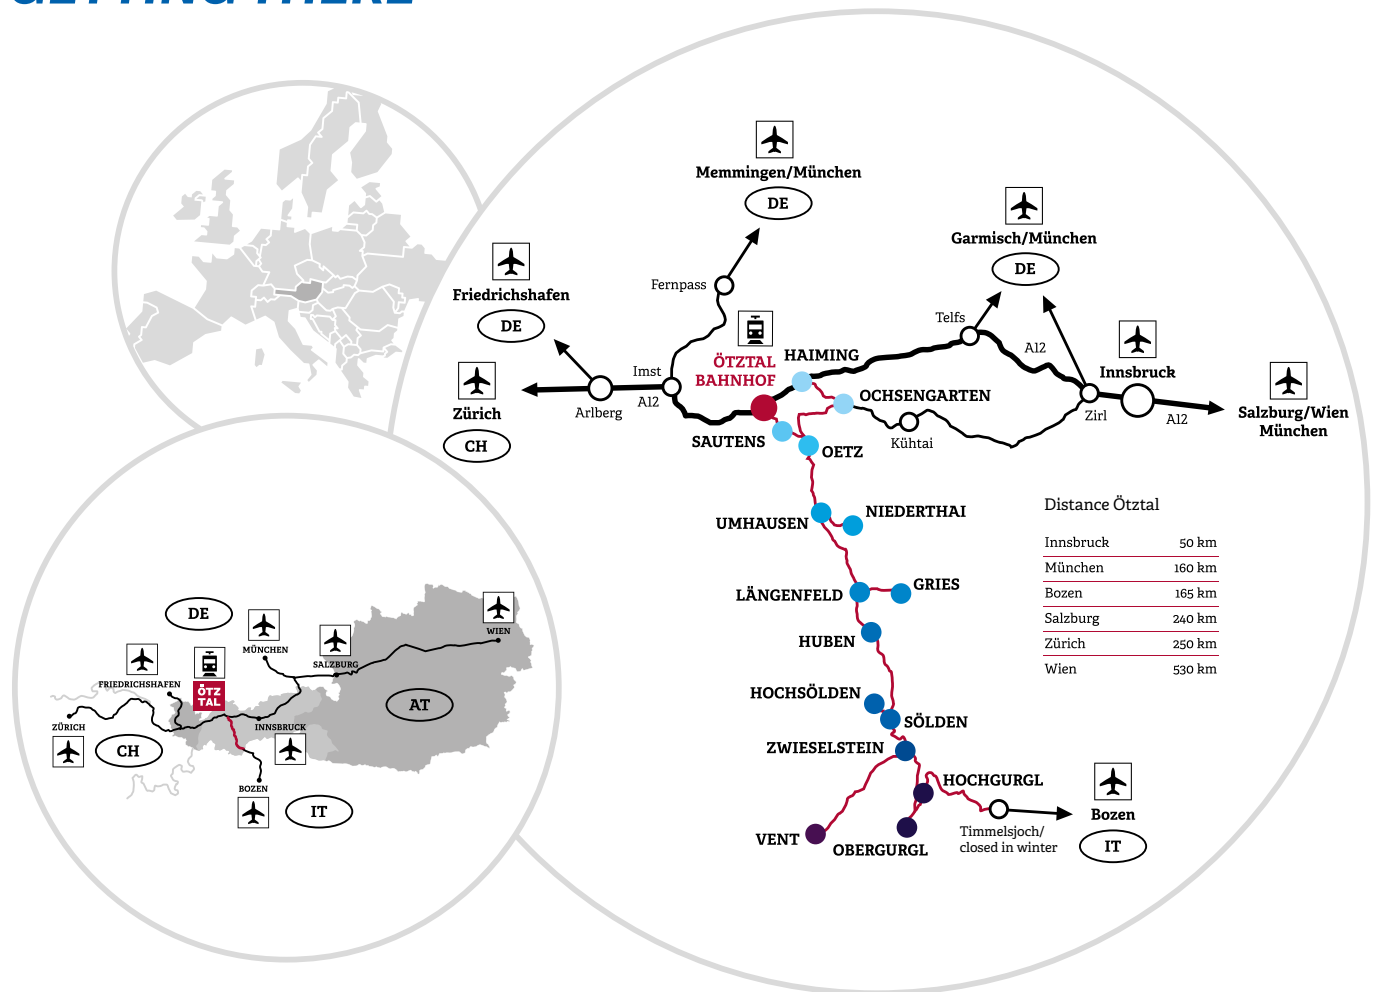

## CULINARY TREATS IN THE SKI AREA

The culinary variety in Sölden's huge ski area coincides with the sporty challenges: a large selection of mountain restaurants, ski huts and umbrella bars can boost up your energy level at once during and after a fun-packed skiing day. A stop-off in Sölden's popular mountain gastronomy spots is not only filling but also makes a culinary experience.
